HELPFUL HINTS FOR REGISTRATION

1. Apply early! The earlier you apply, the better your chances are for getting the classes that you desire and the more time you will save on Registration Day.
2. Provide the Admissions Office with all required items as soon as possible! (High School graduates, GED completers, and those wishing to transfer credits to MCC should have official transcripts sent to the Admissions Office.)
3. If you are planning to apply for Financial Aid or Veteran benefits, contact the MCC Financial Aid/Veteran Officer as soon as possible so that all paperwork can be processed.

COLLEGE DEVELOPMENTAL STUDIES

The Learning Resources Department provides preparatory classes in the fundamentals of English, reading, and math. The classes are designed to prepare the student for entry into his/her chosen program and to assist in ensuring successful completion of regular academic classes.

The classes are offered through the Individualized Instruction Center or through regularly scheduled classes and may incorporate audio-visual material to enhance the learning process. Every effort is made to provide instruction that is individualized according to each student's needs. Look for English 098 and Math 098 courses listed in the Early Childhood/General Education Section under Day and Evening Programs.

ASSESSMENT INVENTORIES

Assessment Inventories are given to degree students to assist in determining academic readiness for specified programs of study. Contact the Office of Student Development concerning schedule for Assessment.

The following technical and general education students are exempt from Assessment Inventories: those who have scores above 760 (minimum 380 on each test) on the College Board (SAT); transfer students who have taken the MCC equivalent college level math or English course if the grade is "C" or better; and Special Credit students not registering for an English composition or math course.
